

Thesis Supervision Meeting Minutes

This form must be completed by the student, approved, and signed by the supervisor on each meeting, then uploaded to GitLab to create a timestamp.

Date: 17/08/2026

Time: 11:00

Location: Online

Attendees: Student, Supervisor

Key Discussion Points:

- **Progress Update:**

After almost two months, we managed to arrange a meeting. We discussed what I'd already managed to do and what I'm planning to do this week (17th–23rd). We also talked about what I need to do to submit my thesis, such as upload it by 30 August, so that my supervisor can provide feedback and I can make a few changes. I'd like to send it before 30 August so that I have more time to prepare and can make the changes sooner. We also discussed whether I need to prepare another poster or a proper presentation. We concluded I must create presentation, which will summaries the whole thesis.

- **Challenges Faced:**

No challenges.

- **Supervisor's Feedback:**

The feedback wasn't particularly detailed, as it was our first meeting in two months. It was just a matter of introductions and discussing what I'm currently working on. I didn't show any results, as I wanted to present the final outcome as a whole and I have no uncertainties now.

- **Next Steps:**

The main task I have to do for this week is to finalize the thesis and send it to my supervisor. This is my main priority.
